Dear Peter,

You have no idea how grateful I am fro all that you do for MHSA. The show Saturday night was just unbelievable.

If I was 25 years younger and was going to start a new company, I would hire you and your team to get it going. I was truly amazed at how it all came together. You have a knack of finding the right people and plugging them into the task at hand.

Thank you again for everything.

Sincerely,

G. Peter Donovan
