Dear Peter:

On behalf of the staff of the New England Chapter and our supporters, we wanted to thank you for your incredibly hard work and dedication to our Noteworthy Cause. The music, particularly your music, helped us provide a fresh approach to fundraising for the American Liver Foundation. And thank you also for providing "An Evening with Danny Klein" for the auction.

As you know, this was a new direction for our chapter and it wasn't without its twists and turns. You managed to help us through each and every one of these as we learned how to put together a very different type of event for our organization. We focused on music, but we were also able to drive home our mission of research, education and advocacy. We also managed to get our supporters out on the dance floor! The feedback from the evening was very positive and we are happy to let you know we raised over \$180,000!

Our supporters were blown away by the sounds of your amazing band and your talented drumming. There was wide appeal for the music of Charlie Farren, John Butcher, Johnny A and Ernie and the Automatics as well as Danny Klein and Full House. We have never had anyone dance at any of our events; the energy you emanated shaped the festivities of the evening.

Peter, we would like to sit down with you for a debriefing in the next few weeks and talk about possible future opportunities with PH Productions and our Chapter. Our Football Walk for Liver Wellness in South Boston on Sunday, September 30 might be a great opportunity to showcase Danny Klein and Full House once again; let's talk about it in our next meeting.

Thanks again for all your hard work.

Sincerely,

Kelly Leigh Beckett
